

Job Centres.

**Local community services
of the Regional Employment
Agency.**

Job centres in the Emilia-Romagna region offer qualified employment services and customised active policy measures to businesses and citizens. They are an integral part of the Rete attiva per il lavoro (active employment network), established in the region with a view to strengthening services for job seekers.

The main services offered

TO INDIVIDUALS

- information and orientation
- administrative formalities (validation of DID - statement of immediate availability for work, service agreement, worker's job history, etc.)
- career guidance
- advice on professional mobility in Europe through the EURES network
- advice and support for self-employed workers and business start-ups
- work placement opportunities for persons with disabilities and those pertaining to protected categories.

TO BUSINESSES

- staff recruitment through the Lavoro per Te portal
- advice on targeted work placements and on the obligations and incentives available
- support on the use of the SARE system for the online management of the obligatory communications
- advice and support with regard to setting up internships

LAVORO PER TE

The services portal of the Regional Employment Agency. Using their SPID/CNS/CIE credentials, citizens can access the Lavoro per Te app to consult the job offers and apply by sending their CV, access the administrative services and receive advice and support tailored to their needs.
