The European Online Job Days are designed for all of these citizens of the European Union, the EEA-States and Switzerland. Within this event different job vacancies in the ICT & technology sector will be offered and published.

### **What do you need to participate?**

- > a computer, laptop, tablet or smartphone, ideally with microphone and camera,
- > connection to the internet,
- > a place, where you can participate without any disturbance, where you can upload your application, conduct job interviews and participate in video calls.

### **How do you participate?**

Register with the following link:

<https://www.europeanjobdays.eu/en/austria-is-calling-2022>

You can answer questions about your company and communicate with jobseekers directly within a private chat. Moreover, you can set and hold interviews with suitable candidates during the event.

### **Register to have an advantage!**

Your advantages when registering:

- upload your job offers before the event so that all registered job seekers can see them,
- give further information about your country and upload an image video if you like,
- view and evaluate the uploaded and suitable CVs weeks before the event.
- invite suitable jobseekers to online interviews.

### **Advantages of the European Online Jobdays!**

With your registration you will receive:

- personal access (EURES-account) for all further European Online Job Days completely free of charge,
- the possibility to upload your job vacancies for interested jobseekers all over Europe: [ec.europa.eu/eures/public/en/homepage](https://ec.europa.eu/eures/public/en/homepage)
- the chance to participate on the automatic matching with your job vacancies

### **Take advantage of these opportunities and be part of it!**

Supported by the European job network EURES, the European Commission and the European Labour Authority.

*We look forward to meeting you online!*
